Urgent News Matters

25 – 28 MAY Careers Expo

The Careers Expo is one of the biggest events on the careers calendar. You will find representatives from:

- Universities
- Vocational Education and Training providers
- Industry
- Professional and para-professional organisations

It is on at the Perth Convention Centre on:

Thursday 25 and Friday 26 May 2017: 9:00am to 3:00pm

Saturday 27 and Sunday 28 May 2017: 10:00am to 4:00pm

Entry is Free. For more information go [HERE](#)

31 MAY Applications Close for 2018 National Youth Science Forum

The National Youth Science Forum takes place in Canberra in January each year. Watch the video [here](#).

As Rotary Clubs make the selections from candidates for the Forum you may be too late for 2018 but if you are in Year 10 you could start researching the opportunity now. See more information [HERE](#).

NYSF EQUITY SCHOLARSHIPS

If you're thinking about applying for the NYSF 2018 Year 12 Program but cost is a barrier – our equity scholarships may help you on your way. The scholarship will award up to 40 students \$1,000 each towards their fee to attend the Program. See more information [HERE](#)

31 MAY 6.30 Curtin Commerce Information Evening

Want to find out why Curtin Business School is THE place to study business? Learn more about Curtin's Bachelor of Commerce, including the wide range of business specializations, industry connections, innovative teaching facilities and internship opportunities, by attending our Commerce Information Evening.

Register your interest [HERE](#)

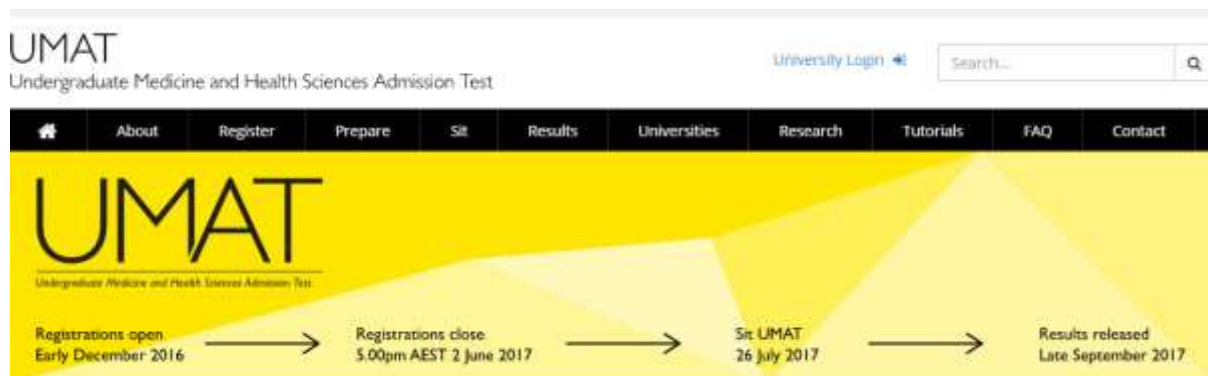

31 MAY International Students Applying for Assured Medicine Pathway UWA

International students who wish to apply for an Assured Pathway place at University of WA for 2018 needs to apply through the UWA International Centre by 31st May.

Students must have undertaken the ISAT test prior to applying to UWA.

2 JUNE - UMAT Registration Close

UMAT applications close on 2 June. Students who wish to apply for medicine at Curtin University or the Assured Pathway offer for medicine or dentistry at UWA or in another state will need to register for UMAT.

See [Getting into Medicine in WA](#) for information.

Important

6 JUNE 6.30 ECU Pizza Nights for Year 10s Joondalup Campus

Choosing your subjects for Year 11 and 12 is a lot harder than ordering a pizza. Fortunately, we can help you do just that – and we'll order the pizza too!

Our Year 10 Pizza Nights will help you – and your parents – think about what to study by showing you the courses we offer across our eight study areas. We'll also talk about uni entry pathways and how this relates to your Year 12 results.

And if you get here early, you can join a short tour of the campus. You can register [HERE](#)

6 and 7 JUNE 6pm Curtin Information Sessions

These events are for Years 10 – 12 students and their families.

They help demystify university preferences and the TISC process. You'll have plenty of opportunities to speak with Curtin experts from admissions, scholarships, university support services and faculties.

Building 210, room 101, Elizabeth Jolley Lecture Theatre, Bentley Campus, Curtin

You can find out more and register for this event [HERE](#)

8 JUNE, 6.00pm ECU Media, Communications, Arts and Design, Mount Lawley Campus

Meet with lecturers and students to find out more about the range of media courses available through ECU.

You can register [HERE](#)

12 JUNE 6pm ECU Business and Law Information Evening Joondalup Campus

If you're thinking about a business course or studying Law, or maybe both, you won't want to miss this session.

You can register [HERE](#)

12 JUNE Registrations Open for RoboCup Junior WA

RoboCup Junior Australia is a project-oriented educational initiative that supports local, regional and international robotic events for young students.

The RoboCup Junior WA state event returns to Curtin Stadium on Friday 4 and Saturday 5 August.

Registration for the event will be available [HERE](#) from 9am on Monday 12 June.

14 JUNE Murdoch Community, Culture and Global Issues Careers Evening

Meet our Academics and learn about undergraduate course opportunities and careers working with local and international organisations, governments and communities; from roles in tourism, events and community development, through to politics, international aid and much more!

Future Student Officers and Academic staff will be on hand to answer course enquiries, questions on admission and application requirements, as well as support services.

Register [HERE](#)

15 JUNE 6.00pm Pizza Night for Year 10s South West (Bunbury) Campus

For Year 10 students trying to choose subjects for years 11 and 12. Please bring your parents too!

You can register [HERE](#).

June 21 Murdoch Engineering and Information Technology Careers Evening

Join us for our inspiring and informative Engineering and Information Technology Careers Evening, and find out how our courses can lead you into a fulfilling career.

Hear first-hand from our leading Academics about what to expect whilst studying your degree; learn about combining majors and degrees to maximise your employment opportunities; hear from industry

professionals

Find out more and register [HERE](#).

Notre Dame University Symposium Program

Teachers can book school groups into the Notre Dame Symposium program.

The full day programs provide students with an insight to university life as lectures and workshops link the school curriculum to Notre Dame Courses:

SYMPOSIUM	DATE	SUBJECTS	CONTACT
Business Symposium	Tuesday 20 June 2017	ATAR Accounting & Finance, Business Management & Enterprise or Economics	Lexi Rollins, lexi.rollins@nd.edu.au
Humanities and Social Sciences Symposium	Thursday 22 June 2017	ATAR Politics & Law or ATAR Philosophy & Ethics	Charlene Ellison, charlene.ellison@nd.edu.au
Arts Symposium	Friday 23 June 2017	ATAR Drama, ATAR Literature, ATAR English or ATAR Media Production & Analysis	Hannah Murray, hannah.murray@nd.edu.au
Health Sciences Symposium	Tuesday 27 June 2017	ATAR Health Studies or ATAR Outdoor Recreation	Alanna Harmey alanna.harmey@nd.edu.au

22 June 6 – 7.30 pm WAAPA Arts Management and Live Production, Mount Lawley Campus

Are you interested in Arts Management and Live Production specialising in costume, design, lighting, props and scenery, stage management and sound? Talk to specialist academics and Student Recruitment Staff at this ECU information evening. [Register HERE](#)

26 – 30 JUNE - ECU Short Courses for Credit

ECU's School of Arts and Humanities invites senior secondary students to join our Short Courses for Credit Program. These **FREE** courses are designed to introduce high school students to university life, offer an engaging, hands-on experience in a discipline of their choice and give them a head start at university!

Our Short Courses are aimed at motivated year 11 and 12 students who have an existing interest and passion for the Arts and/or Media. These week-long specialist courses cover areas of study offered at ECU, promoting aspirations for tertiary education.

Students who pass the requirements of these courses will receive Advanced Standing (credit) for a

first/second year unit once gaining successful admission to an applicable ECU undergraduate course.

Where: ECU Mount Lawley Campus, 2 Bradford Street Mount Lawley

To submit a registration form visit: www.ecu.edu.au/sah-short-courses

27 June 6.00pm - 7.30pm Teacher Education Information Evening Joondalup Campus

Find out why Teaching is popular at ECU and experience our well-equipped School of Education.

When: June 28, 2017 Murdoch Health Careers Evening

Join us for our inspiring and informative Health Careers Evening, and hear about how our courses will lead you into a wide range of fulfilling careers in the Health industry.

Hear first-hand from our leading academics about our courses and what to expect while studying your degree; learn more about Murdoch's unique practical experiences.

Register [HERE](#)

28 JUNE Seminar on the Pros and Cons of Elite Sport Careers

Target Audience: State and National representative athletes across all sports.

I will examine the good and bad of elite sport and challenge the athletes' perspective on whether they are equipped to reach world class standard.

Areas I will look at include money and fame, commitment and balance, pressure and disappointment, life after sport.

Venue: Christ Church Grammar School Time: 7:30pm

Register [HERE](#)

Thanks for the info Julie Bertolucci from Sacred Heart.

Forward Planning

3 - 12 JULY Notre Dame Course Advice Session

Notre Dame offers a wide range of courses and consistently scores well on student satisfaction surveys. You can find out about the courses, academic support and pastoral

care that Notre Dame provides and chat with academic staff and current students at this Information Evening

Where: Notre Dame Corner of Croke and Mouat Streets, Fremantle
Select a date to attend [HERE](#)

July 13-14 Two Day Stay – Day in the Life of a Uni Student at Muresk

Year 11 and 12 students can experience life as a Bachelor of Agricultural Business Management student at Muresk Institute farm campus near Northam.

The event provides information about the agriculture and agribusiness industries, gives students the opportunity to interact with current and past graduates as well as an outline of the degree. They will also take part in several university level activities.

Contact: T: 08 9622 6789 | M: 0427 440 371 E: Daisy.franz@crtafe.wa.edu.au

14 July Notre Dame A Day in the Life of a Uni Student

Discover what it is like to be a uni student at Notre Dame Fremantle Campus.

Register [HERE](#)

Campus Tours

➤ Murdoch Take a tour of campus

School students and families book a guided tour of our learning areas and facilities. We run tours twice a week:

- Mondays at 5 to 5.45pm
- Thursdays at 12 to 12.45pm

Contact us [HERE](#) to book a campus tour.

➤ Notre Dame Campus Tours

If walls could talk ... Experience Notre Dame's Campus in Fremantle's historic West End. Hear the stories of the buildings in times past and how they became home to Australia's first national Catholic university.

When: Available every Friday at 11am Approximately 1 to 1.5 hours.

Location: Vice Chancellery, ground floor foyer 19 Mouat Street, Fremantle
For more information and to reserve your place, please phone 08 9433 0555

➤ **06 July 11.00am - 12.00pm Campus Tour ECU South West (Bunbury)**

Join your tour guide and check out the facilities on-campus and in some of our schools.

<https://www.ecu.edu.au/future-students/events/campus-tours>

➤ **11 July 11 am – 12 noon Campus Tour ECU Mount Lawley**

Join your tour guide and check out the facilities on-campus and in some of our schools.

Mount Lawley Campus Tuesday,

11.00am - 12.00pm <https://www.ecu.edu.au/future-students/events/campus-tours>

➤ **12 July 11.00am - 12.00noon Campus Tour ECU Joondalup**

Join your tour guide and check out the facilities on-campus and in some of our schools.

Joondalup Campus Wednesday,

<https://www.ecu.edu.au/future-students/events/campus-tours>

➤ **14 July 9 – 11am UWA Campus tours**

Current UWA students will take you on a tour of our campus, giving you an insight into what it's like to be a student at UWA. Join us for an informal morning tea after the tour. Our Future Students team will also be available to answer questions on courses, entry requirements and the UWA student experience.

[Register HERE](#)

Year 12

School Curriculum and Standards Authority

This IS **NOT** a good read.... **UNLESS** you actually need to know something about school curriculum and standards.

If ATAR, WACE and WASSE are a mystery to you, read this document or contact one of the senior teachers at your school. They are experts in this stuff.

You can download the Handbook [HERE](#), which is worth doing. Apart from the rules and standards you can:

- See P 37 for **how to do well on exams**
- See P 40 for **study tips**.
- See P 58 for **Preparation for Exams**
- Exam Timetable for 2017

SCSA has a Facebook page for Years 10, 11 and 12, their parents, teachers [HERE](#).

Teachers can go [HERE](#) for SCSA Facebook information.

Important 2017 dates and the Exam Timetable can be accessed from [page 31](#).

Vocational Education and Training

TAFE Fees Frozen

The new State government has frozen TAFE fees.

Yay!!! Given the skyrocketing cost of VET courses in 2016 this is welcome.

"At a time of economic stress and a soft labour market, we should be encouraging people into the training sector." Minister Ellery said.

"The previous government's TAFE fee increases put TAFE out of reach for many Western Australians."

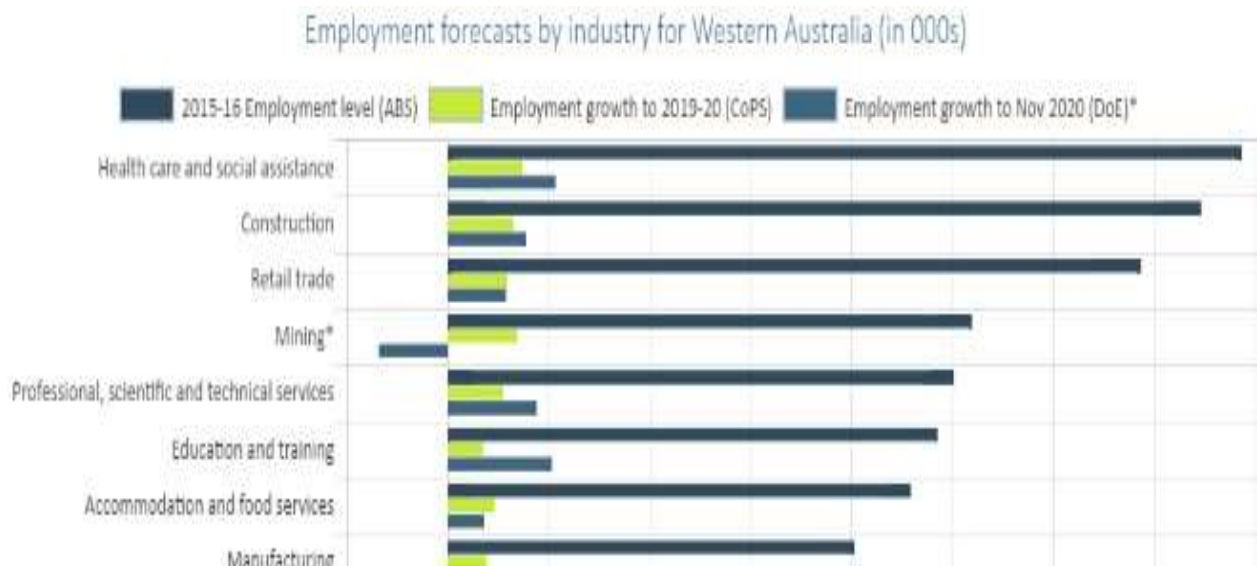

Many Training Courses Lose Priority Status

The Commonwealth Government has taken a number of jobs off the priority Skilled Migration List and the Western Australian Government is doing a review that will replace the current list.

IN THE MEANTIME.... Where there is a shortage of skills in Western Australia funding for training in those skills is most highly subsidised.

Information about the current State Priority Occupations can be found [HERE](#).

You can see the Employment forecasts by industry [HERE](#).

Work and Career Tours Available

Year 10 – 12 students interested in industry tours in:

- Cabinet Making
- Furniture Making
- Textile Fabrication
- Fashion Design
- Dry Cleaning
- Glazing
- Glass Processing
- Clothing production
- Soft Furnishings

FREE tours can be arranged in a number of workplaces. Images of industry visits by schools are available [HERE](#).

For information on the range of visits available and to book your school tour phone: 08 9361 2800 Email: admin@ffittrainingcouncil.com.au

Sites for Finding Apprenticeship Opportunities

Senior students are starting to look for apprenticeship opportunities.

This table lists some of the sites where students can look for apprenticeships.

Organisation	Site Address
Austal Trade Apprenticeships and work experience opportunities	Look HERE
Seek	Look HERE
Indeed	Look HERE
Jora	Look HERE
Bricklaying	Look HERE
Adzuna	Look HERE
Skillsroad	Look HERE

Not sure what apprenticeship would suit you?

Try the [Skillsroad career quiz](#) or the [Harrison Online Career Assessment](#).

Uni News

Connections with Universities

Curtin University has launched a series of workshops, seminars and summer camps for high achieving secondary school students, designed to develop strengths in innovation, creativity and entrepreneurship.

The Curtin Achievement Centred Engagement for Students (ACES) program has been trialled throughout 2016 with students from Curtin's Innovative Schools Consortium (ISC) – an initiative building innovation within diverse Western Australian schools.

To become involved, schools enter into a Memorandum of Understanding (MOU) with Curtin and then nominate students to participate in the ACES program.

The MOU and participation in ACES programs can be tailored to the needs of all schools, including those in remote and regional communities.

To find out more and to get involved, contact Dr Melissa Langdon, Manager of Partnerships and Pathways via entry_pathways@curtin.edu.au.

Notre Dame Fremantle Campus Early Offer Program 2017

The University of Notre Dame Australia introduced the Early Offer Program in 2006 to acknowledge and reward the achievements of outstanding Year 12 students by simplifying their access to courses at our University. One of its benefits to the recipients has been that it has allowed them to face their final WACE examinations with reduced stress and added confidence.

Get the [Early Offer Program Booklet](#)

Applications must be submitted by Friday 29 July 2016.

If applicants have any queries regarding the Early Offer Program, please contact the Admissions Office on 08 9433 0537 or email admissions@nd.edu.au.

Notre Dame Scholarships

Details of 10 undergraduate scholarships at Notre Dame can be found [HERE](#)

UWA High Achievers Program

I have been waiting for news from UWA about their 2017 High Achievers program. I ended up getting this response:

Thank you for contacting UWA regarding High Achievers Program. It is unlikely this program will be run in 2017.

Curtin Teachers' Big Day Out

Curtin's bright new shiny things were explained at the Teachers' Big Day Out on May 8th.

It has 58,000 people studying at Curtin....that's bigger than Bunbury! And they are

designing the Bentley campus like a city.

There is a new road going through the centre of the campus, they are building 1000 new accommodation units for students, visiting academics and industry partners, they have food vans and

entertainment.

It is modern and cool and has an enviable academic reputation.

Vice Chancellor Deborah Terry said the 30% international student population is a great advantage as that helps prepare students to work in a global market.

Curtin Eco Challenge

The Eco Challenge is a free online UN Environment Programme game organised by Curtin Uni. There are two players per team and they play to align the demands of government, commerce, health and industry to manage a water supply.

Kent St and Rossmoyne High Schools are among previous winners. Now the Eastern States Schools are entering the Australian competition!!

The competition is structured in two tiers - national and international. Teams are ranked nationally and top teams will be acknowledged in the international competition.

For more information go [HERE](#)

Curtin Civil and Mechanical Engineering

Civil and Mechanical Engineering was showcased via their link between Curtin and the NASA Jet Propulsion Unit where one Curtin student gets an internship each year.

The Jet Propulsion Unit created the [Hedgehog](#) robot that rolls and tumbles in micro-gravities. The student

who had recently returned from the internship was VERY excited about the top secret research work he had been doing on lightweight, agile drones.

These guys were geeks. They told us to check out the Earth through Saturn's rings as photographed by the Cassini probe. Awesome photos.

Curtin also works with NASA on the [Fireballs in the Sky](#) project that encourages people to download an app and start recording meteorites as they see them.

Curtin Business School

I clearly didn't understand the prestige associated with the Curtin Business School gaining accreditation from the Association to Advance Collegiate Schools of Business. It was clear that it is a [VERY BIG DEAL](#).

The CBS covers courses from Commerce to Law and Marketing. There is such a big range that can be seen [HERE](#).

Curtin Health Sciences

This presentation got taken over by people focusing on getting into medicine. I have written about Curtin's Bachelor of Medicine, Bachelor of Surgery [HERE](#).

There is strong uptake of students doing [Oral Health Therapy](#) with students getting jobs even before they finish their degree. Physiotherapy graduates get full time work pretty quickly while some other graduates take longer to find a full time position.

Curtin Humanities

The bright new shiny thing in the Humanities Department is the [Animation and Game Design degree](#).

There is [portfolio entry](#) to most humanities courses if you can demonstrate equivalence to Curtin's ATAR entry through the submission of a portfolio that evidences your academic achievements, qualifications and ability.

Curtin Engineering

The key message about engineering is that you need to have Maths Methods to ATAR level and at least one of: Chemistry ATAR, Physics ATAR, Engineering Studies ATAR or equivalents.

There will be early entry applications to engineering this year. This is apparently to occur across all engineering faculties in WA for 2018 entry.

Applications use predicted ATAR scores and acceptance into a place at Curtin is conditional on actual ATAR scores meeting minimum requirements.

10/10 for a Great Day Out for Teachers

You can get a copy of the Teachers' Big Day Out presentations [HERE](#).

University Open Days

<p>23 July</p> <p>13 August</p> <p>27 August</p>	 <p>OPEN DAY 2017 IS COMING</p> <p>Register for your program now and stay tuned for details about this exciting annual event.</p> <ul style="list-style-type: none"> • Watch demos and attend talks • Get course and career advice • Meet friendly, highly-qualified lecturers • Explore award-winning facilities • Talk to current and past ECU students • Enjoy live music, games and more <p>Joondalup 23 July 10am - 3pm</p> <p>South West 27 August 12pm - 3pm</p> <p>Mount Lawley & WAAPA 13 August 10am - 3pm</p> <p>Go HERE for more information</p>
<p>30 July</p>	 <p>Go HERE for more information</p>
<p>31 July</p>	 <p>Go HERE for more information.</p>

20 August		

Aboriginal and Torres Strait Islander Students

Australian Indigenous Mentoring Experience Virtual Program

AIME is assisting its Indigenous mentees to progress through school, complete Year 12 and transition to university, further education, and training and employment.

For information about the program go [HERE](#).

Mandalah

Mandalah provides accommodation and support to Aboriginal and Torres Strait Islander students in Perth and Broome.

Go [HERE](#) to find out about:

- scholarships,
- finding a mentor
- getting industry support

Aboriginal Workforce Development Centre (AWDC)

The AWDC is seeking to support Aboriginal and Torres Strait Islander students across the state by working with schools, students and families. To find your local AWDC office go [HERE](#).

Career Support for Students with Disability

Mentoring Services for Equity Groups Research

May saw the publication of research on mentoring programs for equity groups. The target group for the research was broad, including low SES category students going into university and women in non-traditional areas of study. The research identified some practical recommendations for mentoring programs. You can access the document [HERE](#).

ProjectABLE

projectABLE is a free in-school program led by people with disability. We offer interactive disability awareness and career workshops for students in years 10, 11 and 12 across Australia. For more information go [HERE](#).

Successful outcomes for students with disability in Australian higher education

This latest publication from the NCSEHE (National Centre for Student Equity in Higher Education) provides a valuable outline of existing research and recommendations for future research and suggested changes to policy and strategy for both government and the higher education sector relevant to a large and rapidly increasing cohort of students. Find out more about the research [HERE](#).

Regional and Remote Students

Careers Centres

The State Government funds careers centres in regional and remote centres throughout Western Australia where school students and adults can get FREE career information and advice. Find your closest Careers Centre [HERE](#).

Derby Boy an Inspiration

15 year old Raymond Henry is one of 23 Australian students selected to visit the USA in September for the One Giant Leap Program.

Wooo hooo. Can't believe he did that from DERBY!!

The group will travel to the US Space and Rocket Centre and the Californian Science Centre in September, to learn about aerospace science and the lives of astronauts.

Redmond has an interest in computer engineering and programming and thinks that will be his career.

Opportunities

July School Holiday ATAR Revision Program

Year 11 and 12 revision programs are being conducted during the July holiday break.

Week 1: July 3rd - July 7th **Week 2:** July 10th - July 14th

Provider	Select your location and courses

Pinnacle Scholarships for LGBTI Young People

Scholarships will be provided for 16-24 year old LGBTIQ students who desire to undertake full-time education in their final year at a public or private secondary school or public institution of higher education in Australia. It will be for the purpose of gaining an educational or vocational qualification in any profession, trade or the arts.

Find more information [HERE](#)

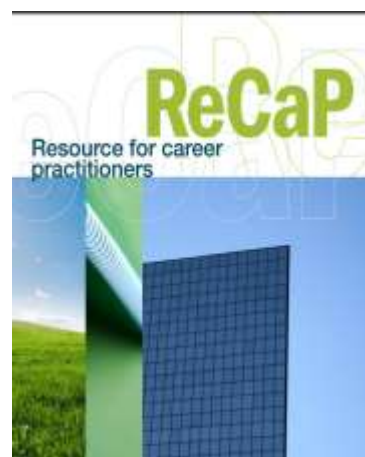

Career advisors

Teaching Resource for Career Practitioners

A number of teachers have asked for Australian teaching resources.

[This publication](#) from the Career Education Association of Victoria introduces general information then goes to provide over 100 pages of:

- Programs,
- Sample lessons, and
- Worksheets.

Database of Career Resources

Sarah Cooke from Lake Joondalup Baptist College ran the Careers and Enterprise Teachers' Workshop in early May. She said careers teachers enjoyed the opportunity to network with other careers teachers. She pointed me to her Padlet wall of careers teaching resources [HERE](#). Find a Padlet tutorial [HERE](#).

She has an active database of ATAR Career and Enterprise resources at:

<http://www.livebinders.com/play/play?id=299156&backurl=/shelf/my>

New VET Videos and Case Studies

A series of new videos and case studies that highlight best practise in delivering vocational education and training (VET) in secondary schools is available on the [Preparing Secondary Students for Work](#) (PSSFW) website.

The videos cover a range of school settings across metropolitan, regional and remote areas and include a range of industry sectors.

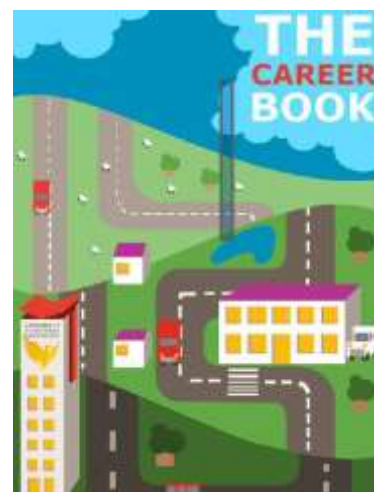

The Career Book of Southern Queensland

This is a resource from 2015 that Jayne Duncan from Wesley, directed me to last year.

It is a PDF that contains:

- Information
- Links to career information
- Worksheets.

You can download it [HERE](#) or search for *The Career Book* University of Southern Queensland.

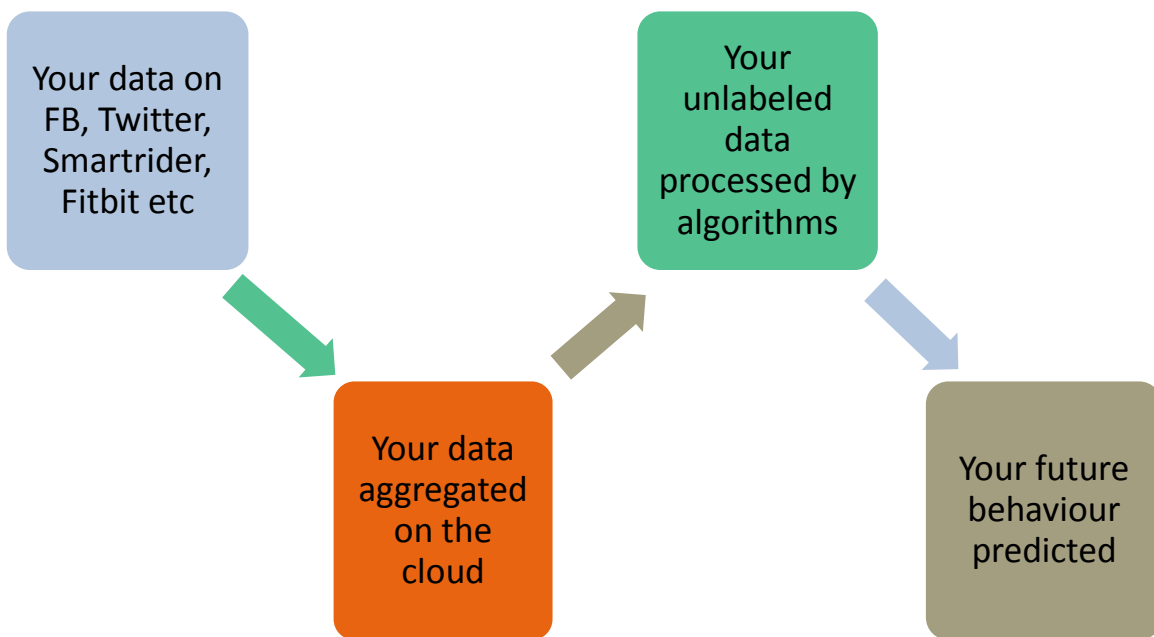

Career Development Meets Artificial Intelligence

What you share on Facebook and Twitter, what you buy, even how many steps you take and how much you sleep, is building a dataset about you.

Individual data bases can be collated across the cloud to deliver a big dataset about you.

Algorithms that are loosely based on patterns in a nervous system are emerging. These algorithms are starting to analyse your data to define relationships across your unrelated bits of information and predict how you will act.

As the algorithms become more sophisticated we will be able to generate career predictions that are more accurate than any traditional career quiz that doesn't use big data.

[Apply Magic Sauce](#) is an example of psychometric testing that is being trialled by Cambridge University using your Facebook and Twitter data.

It uses the OCEAN model that Donald Trump's campaign used as a model for targeting their election marketing.

I tried it.

My test results showed me to be a 32 year old, relaxed, artistic type with a strong interest in being creative! **NAILED IT!!**

Worlds of Work Program

This is a really comprehensive set of resources that connects students with life beyond school by investigating the question: "What does it take to succeed in life and work?"

This program delivers a pedagogy as well as a set of teaching resources including assessment tasks. Click [HERE](#) and go deep for more and more resources.

In Focus Blogs

[21st Century Careers](#)

Being human could be your biggest selling point when seeking a job in a world where artificial intelligence and robots are taking over.

Find out more about seeing career opportunities in today's challenges [HERE](#).

[Getting into Medicine at Curtin](#)

Curtin is the only university in Western Australia to offer direct entry to the Bachelor of Medicine and Bachelor of Surgery in Western Australia and competition for places is fierce. When the Medical Information Evening presentation room filled to overflowing visitors were directed to a large lecture theatre and when that overflowed visitors were directed to a large outdoor screen. You can find my summary of the evening [HERE](#)

[They are Taking Secondary Teachers' Jobs](#)

At the Murdoch Career Advisors Day we were told that universities are becoming more flexible but schools are not. This post explores some of the inroads being made to traditional school and teaching roles as universities go around the ATAR to offer university places to school students.

Read more about that [HERE](#)
