**Creating the best possible career outcome for your emerging Future.**

## CAREER EVENTS MARCH

### VERY URGENT

#### 28 FEBRUARY - Applications Close Australian Defence Force Academy Education Award

The Australian Defence Force Academy Education Award is presented to Year 12 students in recognition of leadership potential, and academic and sporting achievements exhibited during Year 11.

[See the ADFA Website for more details](#)

#### 1 MARCH - Applications Open National Youth Science Forum

Applications Open for 2018 on 1 March and close 31 May 2017.

The National Youth Science Forum (NYSF) is a 12 day residential program for students entering year 12 who are passionate about science, technology, engineering and maths. [See a YouTube video here.](#) [Register to be notified](#) when applications open.

National Youth  
**Science Forum**

#### 2 MARCH Wednesday Applications Close for ACER Scholarship Test

The ACER Scholarship Test is a series of academic tests used by independent schools to select students for the award of a scholarship.

**Australian Council for Educational Research**

**Test Date:** Saturday 19 March 2016

For more information go to: <https://www.acer.edu.au/scholarship-parents/western-australia>

## URGENT

### ADF Gap Year Applications for 2018 Open March

Gap Year applications for 2018 will open in March. [Fill in details here](#) to be emailed information when it is released.

#### 6 MARCH Monday 9am - UWA Guided Campus Tour

To discover more and book your place on the tour go to: [UWA Campus Tour](#)

There are only two of these tours scheduled for 2017.

#### 8 MARCH Wednesday 6.30pm – Parent Information Evening

(Year 10, 11 and 12)

**Where:** The University of Notre Dame, 19  
Mouat St, Fremantle

Notre Dame does not use the same application process as other Western Australian universities.

This evening provides information that will explain the application process for Notre Dame, alternative pathways, recommended subjects and important dates and deadlines. Current students will talk about their transition from high school to university.

**Register:** <http://www.nd.edu.au/events/2016/parent-info-evening> or Email: [future@nd.edu.au](mailto:future@nd.edu.au)

## 9 MARCH 4.30 – 6PM – Game Changer Award Teacher Information Evening

The Game Changer Awards are designed to promote STEM learning in Western Australia. Teachers are invited to find out more about the awards at this information at this information evening

The competition is supported by the West Australian Information Technology and Telecommunications Alliance.

Where: Engineers Australia Auditorium. 712 Murray St Perth  
Find out more information [here](#):

## 10 MARCH Applications Close for the GREaT Program

### Get Real Experience and Try (GREaT) - Nursing and Midwifery Work Experience Program

Applications open 1 February and close 10 March.

This program is designed for Year 10 students. There was over demand for places in 2016 so the application process is now more rigorous. You can find more information and apply via the [GREaT site](#).

## 14 MARCH 5.30 PM Have a Yarn

Year 11 and 12 Aboriginal and Torres Strait Islander students and their parents and guardians are invited to Notre Dame's Have a Yarn event. Have a chat about Notre Dame courses, bridging pathways, hear from current students and enjoy a barbeque dinner.

Carolyn Tannock Courtyard (ND42), 6 Cliff Street, Fremantle

## 22 MARCH Wednesday 5.30PM - UWA Course Information Evening

Year 10 - 11

- 5.30 – 6pm: Faculty expo
- 6pm – 7pm: Presentation from our Future Student Advisers

Our free information session gives you a head-start on making your Year 10 or 11 experience a positive one, even if you're not sure if university's the right pathway for your future goals.

Find out more about:

- UWA's courses and entry requirements;
- Maximising your ATAR
- How to keep your options open when selecting your upper-school subjects; and
- On-campus activities and events we offer for Year 10 and 11 students.

You can also talk directly to Faculty-specialists about your specific interest areas.

REGISTER HERE: <https://alumni.uwa.edu.au/events/2017-yr10-11-expo>

## 22 MARCH Wednesday 7PM - UWA Course Information Evening

Year 12

- 7 - 8pm: Presentation from our Future Student Advisors
- 8 - 8.30pm: Faculty Expo

Make the most of your WACE results and reach your goals

For many Year 12 students and their parents, applying for university can be a daunting process

Our free information sessions provide advice on UWA courses, admission requirements and flag key dates for 2017. Our Future Students team will be available to answer your questions after the presentation.

The Faculty Expo is an excellent opportunity to talk directly to Faculty-specialists about your specific interest areas.

[Tattersall Lecture Theatre](#)

REGISTER HERE: <https://alumni.uwa.edu.au/events/2017-yr-12-expo>

## 26 MARCH Sunday 10.45AM for 11AM – Notre Dame Medical Information Session

Students interested in studying Medicine at Notre Dame are invited to attend a Medicine Information Session. Learn about the Doctor of Medicine, Pre-Medicine Certificate, the application process, and hear from current Medicine students about their experience.

Corner of Croke and Mouat Street, Fremantle

REGISTER HERE: <http://www.nd.edu.au/events/2017/med-information-session>

## 28 MARCH Tuesday, 5.30PM for 6PM start ECU Sundowner Lecture Sessions

Ever wondered what it is like to be a University student? Please join us for a complimentary lecture from the School of Science and the School of Education followed by the opportunity to network with academics, careers counsellors and staff from the Future Each session will be delivered as a real lecture as if you were a current University student!

You can choose to attend a lecture from one of these study areas:

1. Bachelor of Education (Secondary)
2. Bachelor of Cyber Security & Bachelor of Counter Terrorism, Security and Intelligence

Light refreshments will be offered following these lectures as well as the opportunity to meet with our friendly staff.

For those interested in Secondary Education, Cyber Security or Counter Terrorism.  
ECU Joondalup Campus <https://www.surveymonkey.com/r/SIS280317>

## 31 MARCH - Rotary Youth Exchange Applications Close

The Rotary Youth Exchange Programs provides school students between the age of 16 and 18 the opportunity to study in another country for a year. The cost is \$6500 and parents are expected to cover all additional travel expenses. Further information [www.youthexchange.asn.au](http://www.youthexchange.asn.au)

## Forward Planning

### 5 APRIL Agricultural Career Day at Muresk

#### [REGISTER NOW](#)

Year 10 – 12 students are invited to register to attend a career day at Muresk Institute. The program runs from 10am – 2pm.

All activities\* will be held on site at Muresk Institute and include:

- a farm tour;
- a visit to the on-site vet clinic;
- experiencing wool handling in action;
- grain research and development trials;
- learning about the latest agricultural technology;
- learning about the various agricultural training pathways and careers available; and
- lunch and an opportunity to chat with people working in the industry.

For more information go to the [Muresk Website](#) or T: 1300 994 031 E: [muresk@dtwd.wa.gov.au](mailto:muresk@dtwd.wa.gov.au)

### APRIL 5 - Big Day In at Perth Convention Centre

The BiG Day In™ is an IT careers conference designed by students for students. It is designed for both high school (Years 9-12) and University students interested in careers in technology.

Hear industry speakers & visit exhibitor stands to learn about where a career in IT can take you.

Click [HERE](#) to book your tickets and visit the [Big Day In](#) to find out more details

## 7 April - Game Changer Awards Registration of Interest Close

The Game Changer Awards is an exciting new competition for WA students that is about rewarding and recognizing excellence in the application of STEM and computational skills.

The Awards has an educational focus and links in with the Science, Technology, Engineering and Maths (STEM) components of the WA School Curriculum.

Participating in Game Changer is an opportunity to showcase the creative talents of students and ensure that projects and work undertaken as part of the competition will count towards achieving the STEM curriculum outcomes.

The purpose of Game Changer Awards is to inspire and enable youth to build their dreams and creations through an environment that rewards ideas, imagination and a dare-to-try attitude in producing outstanding applications using a wide range of digital technologies.

We are looking for Expressions of Interests of both primary and secondary schools classes.

Register Interest [here](#).

## 26 APRIL 6.30 PM - Medicine Information Evening

Are you interested in a career in medicine? Come along to our medicine information evening, where you'll gain a unique insight into our accredited five-year, direct entry medicine degree.

Hear from the Dean of Curtin Medical School, Professor William Hart about entry and application requirements, as well as a future in medicine.

VENUE: Elizabeth Jolley Lecture Theatre, Curtin University, Bentley Campus

## UWA Fogarty Foundation Scholarships for 2018

Applications open 1 February Close on 30 April 2017

The UWA Fogarty Foundation Scholarships provide senior secondary students who show significant academic potential, together with a strong sense of community involvement and responsibility in year 11 and 12, with an opportunity to undertake an undergraduate degree of their choice at The University of Western Australia.

THE UNIVERSITY OF  
WESTERN AUSTRALIA

Fogarty Foundation Scholarship information is available on the [UWA website](#).

## 8 MAY MONDAY - Teachers' Big Day Out at Curtin Uni

For career coordinators, teachers, year coordinators and other key influencers of Year 11 and 12 students. The Big Day Out showcases Curtin University courses and facilities.

Register at: <http://news.curtin.edu.au/events/teachers-big-day-out/>

## Uni News

### Central Queensland University

A new comer to the university environment in Western Australia is Central Queensland University (CQU).

It has been delivering courses in WA via distance education mode for some time and has just opened a campus at 10 William St Perth.

Undergraduate courses include:

- Bachelor of Hospitality Management
- Bachelor of Business
- Bachelor of Professional Communication
- Bachelor of Occupational Health and Safety
- Bachelor of Echocardiography (Cardiac Physiology)
- Bachelor of Medical Sonography and Graduate Diploma of Medical Sonography
- Bachelor of Accident Forensics

For more information go to [CQU Perth](#)

For information on the STEPS enabling program go to <https://www.cqu.edu.au/courses-and-programs/study-areas/work-and-study-preparation/steps>

## Comparisons of Actual and Indicative ATAR's 2017

The Cut-off rank is the ATAR of the last applicant to be offered a place in the course on the basis of their ATAR, in the main round of offers.

The Indicative ATAR is the minimum ATAR to be eligible for consideration for the course, subject to places being available.

Source: The latest entry statistics, which are available on the [TISC website](#).

### Courses with an ATAR cutoff rank 5 or more above the indicative ATAR

New specialist medical courses are in high demand.

The interest in medical science combined with commerce may be worth reflecting on.

Emerging employment trends demanding high level ICT skills are being reflected in high demand for places in ICT courses.

There is an interesting trend towards international which may reflect our awareness of our place within a global economy.

Can anyone explain the demand for Applied Geology/Geophysics at Curtin or the Bachelor of Philosophy at Murdoch?

University	Course	Indicative	Actual
UWA	Medical Sciences (Major) via the Bachelor of Arts	85.00	96.25
	Medical Sciences (Major) via the Bachelor of Commerce	85.00	96.50
	Medical Sciences (Major) via the Bachelor of Science	85.00	96.00
	Commerce - Albany	80.00	86.20
	Science - Albany	80.00	85.70
Curtin	Applied Geology/Geophysics (double degree)	75.00	98.80 Cor!!
	Environmental Science	70.00	86.75
	Geographic Information Science	70.00	83.20
	Health Promotion/Health and Safety (double degree)	70.00	79.10
	Health Promotion/Nutrition (double degree)	70.00	80.00
	Japanese	70.00	75.95
	Medical Imaging	85.00	95.45
	Radiation Therapy	85.00	93.00
Kalgoorlie- Primary Education	70.00	87.00	
Murdoch	Banking	70.00	78.60
	Biological Sciences	70.00	78.25
	Business Information Systems	70.00	80.00
	Crop and Pasture Science	70.00	75.00
	Environmental Engineering (BE(Hons))	80.00	86.95
	Finance	70.00	79.55
	Games Art and Design	70.00	75.90
	History	70.00	79.35
	Hospitality and Tourism Management	70.00	77.35
	International Business	70.00	90.00
	Internetworking and Network Security	70.00	75.40
	Mathematics and Statistics	70.00	78.75
	Mobile and Web Application Development	70.00	82.85
	Philosophy	70.00	99.05 Wow!
	Physics and Nanotechnology	70.00	77.40
Sociology	70.00	90.00	
Sustainable Development	70.00	90.00	
ECU	Nursing / Midwifery (Double Degree)	80.00	90.00

**Courses that have repeatedly had a significantly higher ATAR cutoff than predicted cutoff ATAR.**

**RED = Trend of higher ATAR two years in a row**

<b>University</b>	<b>Courses in 2015</b>	<b>Courses in 2016</b>	<b>Courses 2017</b>

## TISC

Wayne Best, the Executive Officer at TISC has the happy knack of making statistics interesting.

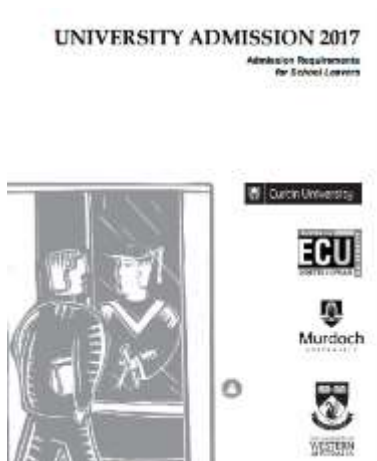

At the Career Development Association Network Meeting no one fell asleep as Wayne entertained us with stats on increased competition from the east coast, maths bonuses and early offers.

- Because of our isolation WA doesn't attract many students from other states. This year there were about 600 which was an increase on previous years, and half of those were for medicine. Western Australian students are increasingly looking at east coast universities with 8% applying for 2017 places. Only a quarter of those offered places actually took them up.
- The maths bonus is being introduced in 2017. The final points haven't been decided but the system will be similar to the one for LOTE. The introduction of the bonus means that the "maximum TEA score would now be 430". Please contact TISC as you have questions about that.

- ATAR Calculator. There was some discussion of the accuracy of the ATAR calculator. Wayne said it is only a very rough calculation. The results in each school are moderated based on previous consistency with actual results. This moderation impacts on the students' actual results.

Newman College said that they were able to get very accurate predictions as their ICT staff set up a calculator that took into account variations of previous years.

- The new TISC website is up.

- The [2017 TISC Guide](#) is out. Wayne is seeking feedback from schools on the Guide.

- **Early Offers for Engineering** did not result in a significant upswing in the number of applicants. Wayne is interested in how the early offers for engineering went in 2016. He said he had some reports that it was difficult to predict ATAR scores with the new WACE. This was particularly difficult to predict at the end of Term 2.

- **FEEDBACK SOUGHT** on all things TISC. Please let TISC know your thoughts on the early offers, the TISC Guide, website or anything else TISC does. Please send your feedback to [wayneb@TISC.edu.au](mailto:wayneb@TISC.edu.au) or ring him on 93168001.
- TISC staff gave 70 talks to students and families at schools in 2016. Please contact them if you would like someone to come to your school.

## Career Development Opportunities

### STUDY IN THE UNITED STATES

Some West Australian students are interested in studying in the USA. The [US Embassy website](#) provides lots of free information about studying in the USA.

You can contact or visit the US Consulate General in Perth at:

4th Floor/16 St. George's Terrace  
Perth, WA 6000  
Telephone: (08) 6144-5100, 8:30am - 4:30pm

[Internationally Educated](#) is a private agency, based in Sydney that helps people to apply to study in the USA.

Wesley College is planning the first US College Fair ever held in WA. More information about the Fair will be published in the April newsletter.

### \$20 Boss

Developed by the Foundation for Young Australians (FYA) and the National Australia Bank, \$20 Boss is an in-school challenge, run by teachers, which provides your students \$20 of start-up money to create their own business. At the end of the program, students are encouraged to pay back the start-up money, with a \$1 legacy payment. It's a fantastic way to engage young people in an immersive experience at school that encourages their entrepreneurial spirit.

#### The 2016 WA Winners were:

- **Most Enterprising School Award** – Christmas Island District High School
- **Most Successful Businesses** – Abrolhos Octopus by Merrick Stokes, Dalton Stokes and Harry Forsyth from Nagle Catholic College
- **Social Entrepreneur** - Merrick Stokes, Dalton Stokes and Harry Forsyth from Nagle Catholic College

To Pre-Register for 2017 go to: [\\$20 Boss](#)

## Regional and Remote

### Resources in Regional Areas

The National Disability Coordinating Officer program has employed 3 staff to support the transition from school to employment and training. They are located in the North West, Central WA and Perth. [To find how to contact your local officer look here.](#)

## Students with a Disability

### Career Tips Website

The Career Tips website is designed for students who have a disability. [Click on the Menu](#) to find resources that support students, employers, mentors and advocates.

### Disability Employment Providers

Agencies have been contracted to provide employment services to people who have a disability. To locate a service near you [go here](#).

### Moving on from School

The NDCO has created a bank of resources to support students who are moving on from school. Those [resources can be found here](#).

### Clearing House of Education and Training Resources

It is probably worth mentioning the [Australian Clearing House of Education and Training](#) resources again. It provides a rich source of resources for teachers of students with a disability.

## Aboriginal and Torres Strait Islander Students

### Indigenous Disability Advocacy.

The NDCO program is supporting efforts of Indigenous people with disability in West Australia by working in collaboration with the NDIA Indigenous Engagement Committee.

For further information contact NDCO Coordinator:

Mark Bateman

Mobile: 0429 998 245

Email: [mark.bateman@edge.org.au](mailto:mark.bateman@edge.org.au)

### Aboriginal Workforce Development Centres

The Department of Training and Workforce Development has set up Workforce Development Centres throughout Western Australia to work with schools and with individuals to support employment of Aboriginal people. Your [local AWDC](#) will help you to get the best possible employment outcome for Aboriginal students.

## Careers Teachers

### Join the West Australian Career Teachers' Association

A group of Western Australian Career Teachers is working towards improving the quality of career teaching across Western Australia.

If you would like to join them download [the application form here](#).

### Commonwealth Strategy for Career Education

The Commonwealth Government has formed a committee. Yay!

The committee or *National Career Education Strategy Working Group* will develop a strategy "... aimed at helping students develop a clear path to the workforce and be prepared for life beyond school, including the jobs of today and the future," [Minister Andrews said](#).

Recommendations will be delivered to government in July.

### Cool Australia - Work Skills Learning Resources

La Trobe University has provided learning resources as part of the Aspire Generation program. [Look for an interesting bank of learning resources here](#).

### Free Access to MyFuture

The Career Development Association of Australia has negotiated free access to the [MyFuture](#) site for its WA members.

In 2016 regional bars were put on WA based users of the MyFuture site when the WA government withdrew from the all state agreement that had built the comprehensive career resources site over about 12 – 14 years. The Education Department has purchased access via its school email addresses and non-government schools can get access by subscribing through the MyFuture site.

### Good Universities Guide

[The Good Universities Guide](#) has a misleading name. Over the years it has expanded its information to include information about many post school education and training options.

The Guide has a renovated website which is much easier to use.

It provides the most comprehensive and up to date list of scholarships that I have found.

## Career Education Self-Assessment Tool

Preparing Secondary Students for Work framework.

Content and supporting resources for the Career education self-assessment tool were developed by the Career Industry Council of Australia (CICA). The tool has been developed around the Key elements for enhanced career education for students identified in the Preparing Secondary Students for Work framework. The tool assists schools to reflect on their career education programs and identify areas of good practice and areas where there is room for improvement.

[You can find the tool here.](#)

## Career Development Association Network Meeting 14 February

### Comments from Modern School

I've been to the CDAA event for a few years and it's always a good event but this year was outstanding.

Annette Walker talked about conversations when coaching – she had some great ideas for use of language and extracting ideas and info from “the client”.

Kavi Gupta was a blast. Very entertaining and informative – talking about how to prepare for careers that currently don't exist and about working globally.

Brodie McCulloch talk about entrepreneurship and innovation and “walked” us through “Spacecubed” which is in Perth CBD and how they support new and existing businesses/ideas.

The unis did a speed dating type talk – 3 minutes to get your updates for 2018 courses across!

The whole day was useful.

## Career Event Calendar at March 2017

<b>28 February</b>	Applications close for Australian Defence Force Academy Education Award	
<b>1 March</b>	Year 11s are invited to apply for the 2018 National Youth Science Forum.
