

SEA OF FLAGS

(SOLO) V 1. All of the colours here connecting,
Into the wild we go hand in hand;
Making our way on a million journeys,
Searching our hearts for a pot of gold.

(Pre-chorus) (CHOIR) Dancing through an ancient dreaming;
Carnival of light reflecting a world together in a higher love.

(Chorus 1) A sea of flags, so beautiful,
Will lift me up into the sky and guide me home
The southern stars over golden sands,
Our crazy hearts have come as one in a sea of flags.

V 2. We've got enough love to last the winter,
Feeding our souls with a thousand strings;
Playing the tune of an endless summer,
Celebrate 'til we all got wings.

(Pre-chorus) Dancing through an ancient dreaming;
Carnival of light reflecting a world together in a
higher love.

(Chorus 2) A sea of flags, so beautiful,
Will lift me up into the sky and guide me home

(Bridge) Oh, hope is in our hands; oh, hope is in our hands;

(Interlude) Hope is in our hands... connecting,

(Sop) All of the co-lours here connecting, connecting.

...(Alto) All of the co-lours here connecting.

(Chorus 1 with echo) A sea of flags, so beautiful,
Will lift me up in-to the sky and guide me home

(Sop)The southern stars over golden sands,
Our crazy hearts have come as one in a sea of flags.

...(Alto) The southern stars over golden sands,
Hearts have come as one in a sea of flags.

(Outro) Hope is in our hands... connecting,

(Sop) All of the co-lours here connecting, connecting, connecting here.

...(Alto) All of the co-lours here connecting, connecting here.
